HOME CULTURE CLUB ENTERTAINED BY NAGLEYS.

Mr. and Mrs. J. H. Nagley welcomed members of the Home Culture Club and their husbands to their home on East Market street Monday evening. While the date was that set for the regular meeting of the club, Mr. and Mrs. Nagley made the occasion a special one, in celebration of the tenth anniversary of their marriage.

It is the custom of the club members to annually distribute Christmas gifts to each other, and much merriment took place Tuesday evening as they drew slips bearing the name of the members with whom they were to exchange remembrances.

A two course supper was served. Mrs. F. M. Reynolds assisted the hostess in the hospitalities. Those enjoying the evening were: Mr. and Mrs. H. M. Stormont, Mr. and Mrs. George Hartman, Mr. and Mrs. S. C. Wright, Mr. and Mrs. Milton Yoder, Mr. and Mrs. Jesse Townsley, Mr. and Mrs. Harry Townsley, Mr. and Mrs. Robert Townsley, Mrs. Thomas Tarbox, Mrs. B. H. Little, Prof. and Mrs. F. M. SANDRA THE JEALOUS

BY JANE PHELPS

ALICE SLOANE IS CAUTIONED CHAPTER CXXIV

Suddenly I stopped laughing, what in the world ailed Everett, usually so self-possessed? He was flushing like a school girl. Never had I seen anyone look more sheepish. Then it dawned upon me: He HAD been to the beauty parlor, and he was ashamed.

"Don't look so ashamed," I said, "or I never shall be able to stop

laughing," as once more I gave way to merriment. "I can't see why you should be so embarrassed because you had your hair dyed. Women never mind."

"I know, Sandra," his blush deepened, "but it seems different in a woman. I did it because of you. I don't want you to be mortified by reference to my age."

"One, to hear you talk, would suppose you a Methuselah, at least. You do not look a bit old to me, Everett, really you don't."

"That's because you are accustomed to me. I SEEM old to you, tho."

"Sometimes, At others you seem quite young," I answered honestly. "Is it very noticeable?" he asked, again referring to his hair.

"No, not at all. Had you been more gray, it might have been. But you only had a few gray hairs."

"Then I'll keep it up. For heaven's sake tell Alice Sloane not to talk about it," he blushed again as he mentioned Alice.

"I'll promise she will say nothing I replied. I was awfully amused altho now I tried to hide it. That my dignified, proper husband should spend time in a beauty parlor was to me about the most incongruous thing he could have done. Every time I thought of it I wanted to laugh.

I took particular pains to let Alice know how he felt right away. The next morning after breakfast I walked over to her house, and told her as she valued our friendship to keep still.

"Everett is horribly sensitive about it," I said after we had stopped laughing—really I couldn't help laughing, altho I tried not to before Alice, who fairly screamed. "He never would forgive you if he heard it anywhere. It would be sure to think you had told it, because you were the one who put it in his head."

"Oh, it is too funny, Sandra," she went off into another peal of laughter. "Think of Mr. Graham doing a thing like that. If it had been anyone else it would not have seemed so ridiculous. But he is so dignified."

"That is the very reason probably he will be sensitive over it," I returned. "So be careful. I wish you wouldn't even speak of it to Duane."

"I won't! Cross my heart!"

It was like Everett not to say anything when I simply remarked that I had called on Alice. I did not mention the fact that I had warned her; but he knew and so ignored the subject—as was his way.

I never have known a man who could ignore things the way Everett could. He would simply act as if he had not heard, or as if nothing had either been said, or had happened, when all the time he was acutely conscious of what was going on.

So, from that time, dyeing his hair was never mentioned. Yet he regularly had it done.

"Marrying a young wife seems to have given Graham a new lease on youth," I heard that odious Mr. Leveridge say one night at a dinner party.

"Yes, he not only keeps his looks, but he acts younger than he did ten years ago."

"He hasn't a gray hair, and I know he is older than I am," Leveridge grunted.

"What you don't know won't hurt you," I thought, delighted at having overheard the conversation.

Tomorrow—What's in a Name?

First American Wood Engraver.

The first engraver of wood in America, Alexander Anderson, was born in New York 144 years ago. His father was a Scotsman, the publisher of a newspaper. Anderson first became a physician, but in 1789, after having performed many deeds of heroism fighting the yellow fever epidemic of that year, he abandoned medicine and made engraving his life profession. He died in Jersey City at the age of ninety-four, and a vast number of books illustrated by Anderson vouch for the ability and industry of the pioneer in the art of wood engraving in the new world.

MILLIONS

Suffer from
Acid-Stomach

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, lumbar, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these are often traced directly to acid-stomach. Keep a sharp lookout for the first symptoms of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloating after eating, and sour, gassy stomach. EATONIC, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach miseries. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try EATONIC and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch; your vim, vigor and vitality. You will always be well and ailing as long as you have acid-stomach. So get rid of it now. Take EATONIC Tablets—they taste good—you eat them like a bit of candy. Your druggist has EATONIC—50 cents for a big box. Get a box from him today and if you are not satisfied he will refund your money.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcline—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or maple syrup instead of sugar syrup. Either way you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for ten times the money. Keeps so long and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions—and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

"IF THIS BE TREASON MAKE THE MOST OF IT."

The course pursued during the last three months by the Republican majority in the Senate makes Republicans hang their heads with shame, and the course of the Senate in adjourning without ratifying the treaty is, when one remembers how the fate of the whole world hangs on the decision, astounding. Three months ago one could not have been persuaded to let ex-President Taft was the only statesman left among the public men of the Republican party.

The revelation by Senator Lodge of the fact that all the maneuvering and delay of the last three months has been indulged in in the hope of making for the Republican party a campaign issue for 1920 reveals a degree of statesmanship in the Republican leadership that fills one with disgust.

So much dust of partisan camouflage and buncombe has been thrown in the eyes of the public that many citizens have lost sight of the issues at stake.

Of course, we all know the excuses that have been made. It is said with justice that President Wilson has acted in an autocratic manner. Although he has kept within his constitutional rights, he has certainly blundered grievously as to tact. Up to a cer-

KEMP'S BALSAM
Will Stop That Cough

tain point one can sympathize with the personal animosity on the part of senators which the President's course has aroused. It may be that the President himself has been guilty of a desire for partisan advantage in pursuing the course that he has. But granting that all this is true, the condition of the world is such as to demand that all true men forget personal slights and party animosities.

We know, too, that it is said that the treaty is un-American—that reservations are necessary in order to Americanize it. Fortunately, there are some of us who, even if we are Republicans, can read and think. While there are in the treaty a number of features that we wish were different—features of which we do not personally approve—we are also intelligent enough to see that no American institution was threatened, nor was American sovereignty endangered by that instrument.

America today is being weighed in the balance. She is faced by an unparalleled opportunity. One is reminded of the time in biblical story when from the Israelites in the wilderness men were sent to spy out the promised land. They came back and said it was a good land; they brought samples of its marvelous fruits. They did not, however, conceal the fact that certain difficulties had to be met in gaining possession of it. Some said: "Let us go up and possess it, for we are well able;" others said, "We are not able to go up against the people, for they are stronger than we."

If we fail to go up our glory has departed; we shall become the Ichabod of the nations. God has been most merciful to us, and we have much cause to be profoundly thankful to him, but we are in imminent danger of criminal folly as a nation.

VERY FEW SHARES OF P. R. R. HELD ABROAD.

The quarterly dividend on the stock of the Pennsylvania Railroad Co., will be paid today to 113,881 stockholders. Although this is the largest number ever recorded, only 1,709 of the dividend checks have gone abroad. The foreign stockholders have been reduced to 1 1/2 per cent of the entire number, and they own only 1.86 per cent of the total stock, as compared with 15 per cent before the war and approximately one-third of the whole issue a generation or so ago.

This home-coming of the foreign-owned stock is a visible evidence of the change in this country's position from a debtor to a creditor nation. When the Pennsylvania Railroad was built, money enough could not be raised in this country to finance it in whole, and it was necessary to obtain the aid of foreign capital by the sale of securities abroad. The buying back of these securities by Americans is equivalent to paying off a debt to foreign nations.

With the progressive return of the stock from alien hands, a much wider distribution of the shares has taken place in this country, especially among the investors of small or moderate sums. As compared with 113,881 owners who will receive their dividend checks today, the November dividend three years ago was paid to only 89,820 stockholders. Thus, in three years the company has gained 24,061 new stockholders.

HONOLULU HONEYMOON GIVES PROMISE OF MUCH GOOD, CLEAN COMEDY

Xenia people who have seen "A Honolulu Honeymoon," the sprightly musical comedy which comes to the opera house under the management of the Standard Amusement Company Wednesday night, vouch for its quality and ability to entertain.

"A Honolulu Honeymoon," is the prettiest, most tuneful and by far the best musical comedy sent en-tour this season by those whose business it is to produce.

With a company of thirty-five artists, including one of the most captivating choruses ever gotten together, the production offers additional inducements in its scenic venture. Neither money nor work has been spared to make the stage pictures just like Rembrandt's or Corot's. The first act, showing the Royal Hotel at Honolulu was painted by Charles Gordon Ford, whose stage conceptions are as popular as Charles Dana Gibson's girls. The second act, showing the beach on the Island of Hilo with a volcano in the distance is from the brush of Chatsworth Taylor, a pupil of the famous Buckram Fender.

There is a plot in "A Honolulu Honeymoon," not a very deep one—just strong enough to keep you wondering what is coming next. Interspersed throughout the play are some beautiful song numbers in which the beauty chorus distinguishes itself.

It is a melange of smart dancing, weird, haunting, Hawaiian melodies, clean comedy and pretty girls. It has frequently been called a "Sing-song show in a class by itself." The Hawaiian atmosphere which pervades the entire show; the real live natives playing ukeleles and steel stringed guitars, the dances of the flower blessed islands and the scenes from the land of enchantment, all serve to place "A Honolulu Honeymoon" in the front rank of musical comedy successes. Melroy and Clark, who produced "A Honolulu Honeymoon," believe it is the best piece of stage craft they have conceived.

REGULAR HABITS NOW; CONSTIPATION GONE

Mr. Brooks Suffered for Years—Tells How He Got Relief.

"I have tried a great many things for constipation, but the only thing that has been able to relieve me is Milk's Emulsion. I am on only my second bottle and have to take very little of it now. My bowels move regularly every morning, which they have not been doing for a number of years. It seems like living again, after suffering so long. I recommended Milk's Emulsion to two of my friends and both say it is the best remedy they ever heard of."—Elmer C. Brooks, 529 Washington St., Peoria, Ill.

Constipation weakens the bowel muscles. Salts and purgatives only increase this condition. Milk's Emulsion is a real corrective remedy. You can try it under its guaranty, without risking a cent. Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milk's Emulsion under this guaranty—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

EXTREME BEAUTY WITH COMFORT

THE NEW GRANT SIX

Those who have seen the new Grant Six speak enthusiastically of its beauty. It is indeed the perfection of proportion and design. It combines the rakish, smart lines of the finest sport type car with the comfort of a really luxurious five-passenger touring car. Nothing so attractive has ever been shown in a car of such moderate price.

Its mechanical construction is as good and fine as its beautiful body. Its overhead valve motor is exceptionally powerful. Its frame extra deep and strong. Its Columbia axles are unusually big, sturdy and capable—the rear axle having the one-piece housing, making it fifty per cent stronger than the con-

ventional two-piece housing. Springs are so long and flexible that this car gives a new interpretation to riding comfort.

The large demand already indicates an extraordinary appreciation of this car, therefore it is advisable to place your order early to insure delivery at an early date.

Thousands of cases of dyspepsia BUT ONLY ONE

PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEPINCO fail. But why not consider the recommendation of thousands of people who have used PEPINCO on the basis of their belief in it. Try it yourself. We are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEPINCO to-day.

Reap Additional Profits by Spreading Straw.

Why waste your most valuable by-product?

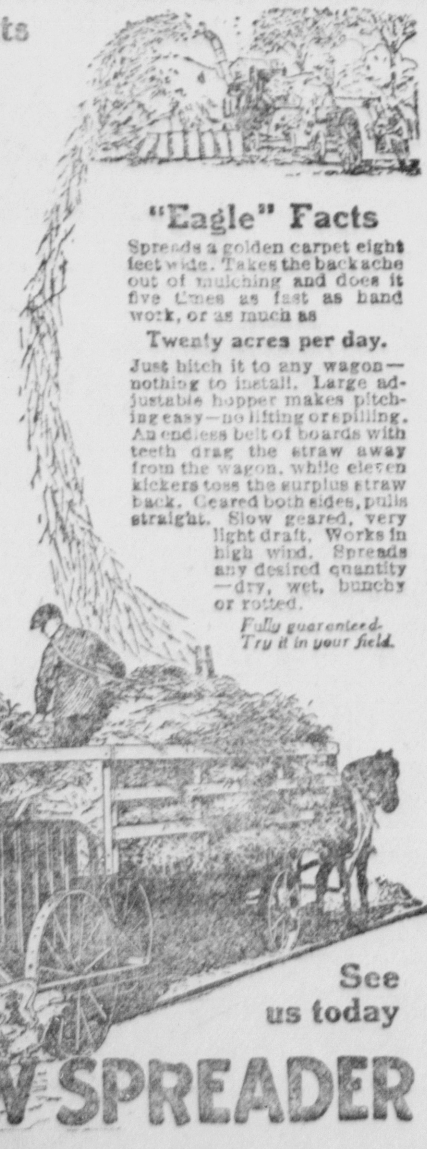

Every ton of straw is worth \$2.00 to \$5.00 per ton as fertilizer alone. Besides that, it protects your crops against winter-kill and drought—your best guarantee of high yields.

It's a soil mellow, a valuable source of humus and a reservoir of moisture. It prevents soil-blowing and "patchy" spots—holds a protecting blanket of snow on wheat.

Experimental stations and practical farmers prove that straw spread with the "Eagle" will net

\$5.00 to \$25.00 more per acre per year.

Sales increased fourfold in last two years. This is the best proof of its merits. Let us show you what the "Eagle" will do. Call today.

"Eagle" Facts

Spreads a golden carpet eight feet wide. Takes the backache out of mucking and does it five times as fast as hand work, or as much as

Twenty acres per day.

Just hitch it to any wagon—nothing to install. Large adjustable hopper makes hitching easy—no lifting or pulling. As endless belt of boards with teeth drag the straw away from the wagon, while eleven sickles tow the surplus straw back. Geared both sides, pulls straight. Slow geared, very light draft. Works in high wind. Spreads any desired quantity—dry, wet, husky or rotted.

Travelled Over 98 Miles Without a Sign of Wear!—"SCIENTIFIC AMERICAN"

According to an unsolicited article in "The Scientific American," a Pathe Sapphire Ball was played 1,000 successive times on a Pathe Record with NO PERCEPTIBLE SIGN OF WEAR ON EITHER THE DISC OR SAPPHIRE BALL! Interesting figures made during this test, show that the Pathe Sapphire Ball traveled over 98 miles, judged by the length of the groove on the record. Comparisons of the various reproduction mediums emphasize the superiority of the Pathe Sapphire Ball for duplicating the actual renditions of the artists.

THE Pathe ROUND SAPPHIRE BALL, polished so that it fits the record groove exactly, flows over the surface of the record giving proper tone rendering smoothly and accurately without the tone-marring, ripping of a steel needle so injurious to a record.

THE Pathe SAPPHIRE is PERMANENT—never requires changing. Many thousands of Pathe owners constitute striking evidence of the advantages and superiority of the Pathe reproducing stylus.

Pathe Records are guaranteed to play 1000 times

BENNINGTON DEFEATS WHITE IN BILLIARD MATCH ON MONDAY

Richard Bennington was in poor form while his opponent Thearl G. White was in fine fettle, the latter defeating the former 65-50 in the billiard tournament games at the Arcade billiard hall Monday evening.

Mr. Bennington was not near up to standard and he permitted his opponent to take the lead in the early innings from which he was never headed. On the other hand Mr. White was strong all the way as proven by the fact that the contest was ended in 56 innings. He was rated at 65 while Mr. Bennington was rated at 100.

In one of the most sensational matches yet held during the tournament, Roy Leach nosed out Charles Mafory 85 to 133. Mr. Leach was rated at 85 while his opponent was rated at 135 and they were neck and neck through most of the race. After starting strong, Mr. Mafory blew up in the ninth and they fought it out even all the way. It was a difficult shot that put Mr. Leach out in the 80th inning when his opponent had but two to go.

The games are called promptly at 7:30 now. Tuesday evening, Keith Moon will oppose Hal Loveless and C. E. Arbogast will oppose Walker Gibney in the two games on the first table, while V. L. Taylor and Charles Kinsey and Charles Fisher and Geo. Baldwin, will meet on the second table. Clyde Scott, Reynolds, Haller and McElfresh are asked to be present at 7:30 as alternates.

LIBRARY NOTES

New books of intense interest recently placed on the shelves are: A Labrador Doctor, by Dr. Wilfred Thomason Grenfell. This is one of the finest autobiographies of recent years and is a narrative so full of genuine human interest that the reader is amazed by its infinite variety.

Dr. Grenfell tells the story of his early life in England, of his education in a public school and at Oxford; of his service in the London Hospital and the London slums; of his hospital work among the North Sea fishermen and finally, of his great life work with the fishermen of Labrador and Newfoundland and his varied experiences with the primitive but large-hearted and very human inhabitants of that bleak coast.

Impressions of Theodore Roosevelt, by Lawrence F. Abbott. In the preface Mr. Abbott says, "The purpose of the present volume is to record some personal impressions of an acquaintance of twenty-two years, during the latter half of which our relations were most intimate. It is with the hope of contributing something to the final portrait which will be painted by the historians of the future that this simple and informal sketch is undertaken."

Theodore Roosevelt, by William Roscoe Thayer. The foremost American biographer throws fresh and important light upon the character and career of his life-long friend in this notable book.

Extricting Obadiah, by Joseph C. Lincoln. There are plenty of laughs in an absorbing plot—even a touch of mystery—a splendid romance and the refreshing salt smack of Cape Cod. The Raincoat Girl, by Jennette Lee. The girl—who becomes the sen-

AMERICAN LEGION HEAD DISCUSSES QUESTIONS OF DAY

Action at the American Legion national convention at Minneapolis, was explained by Post Commander C. L. Darlington, delegate from this district to the members of Joseph P. Foody, No. 95, at a meeting held in the Assembly Room of the Court House Monday evening.

Mr. Darlington explained the disposition of a number of important questions by the national convocation, including the bonus question and the war risk insurance problem, and he also explained the women's auxiliary which will be organized here as soon as a constitution is drawn up for such an organization. The auxiliary will include mothers, wives, sisters and daughters of members of the American Legion or of soldiers who died in the service.

Joseph P. Foody now has 155 members it was reported at the meeting, but in order to increase this membership an intensive campaign by members themselves will be instituted at once.

A GOOD FRIEND

A good friend stands by you when in need. Xenia people tell how Doan's Kidney Pills have stood the test. C. F. Edwards, of 119 Cincinnati Ave., Xenia, endorsed Doan's two years ago and again confirms the story. Could you ask for more convincing testimony?

"Doan's Kidney Pills are reliable, I know I have taken them several times and they have always been satisfactory," says Mr. Edwards. "When my kidneys have been out of order, I have had a sort of lumbago and sharp pains through my back. The way my kidneys have acted, has also bothered me. I have always had quick relief when I have used Doan's Kidney Pills for those attacks." (Statement given January 8, 1915.)

GONE FOR GOOD. On August 1, 1917, Mr. Edwards said: "I praise Doan's Kidney Pills more than ever, for they have given me a permanent cure, from the kidney trouble I had." Price 60c, at all dealers. fible little optimist of the factory village and later the cheerful and efficient stenographer and inspiring spirit of "the works" devotes her life to making other people happier. She does it without a touch of priggishness and with so many human traits that she is a girl to fall in love with all the time, as happens in the plot of the story.

Sherry, by George Barr McCutcheon. The story of how this cheery, engaging young man accepts employment in the home of Andrew Gilman, the miser, and of his adventures while serving the old man as secretary is one that carries interest from beginning to end. The mystery that confronts him in this house, the unexpected solution in this house, the pleasant relief of the delicate love story that gives the novel its true charm.

Elizabeth's Campaign, by Mrs. Humphrey Ward. Squire Manmaring was absolutely opposed to the war. He would not subscribe to the war loans, he gave nothing to war charities and he would not conserve food or help to raise it on his poorly managed

estate. So Elizabeth Brenneron, his new secretary found much work to be done as she from helping in his absorbing study of the Greek language and literature. Very quietly she began to manage things—the household, the estate and finally its master. But it was not only she but a great sorrow which finally brought home to the Squire his duty.

Ramsey M'Nollan, by Booth Tarkington. You will think of Ramsey as an older brother of Penrod. Put a youngster, shy, inarticulate, full of worthwhile ideals unexpressed, opposite a girl who can talk much faster than she can think and amazing situations are sure to arise. This is a picture of young America tried by fire and emerging triumphant.

Evans Triple Phosphates Increase Bodily Strength and Mental Activity in a Week

Most Rapid Blood, Nerve and Body Builder, Say Strong Vigorous People Once Weak and Nerve Shattered, Easy and Pleasant to Take.

"Did you know," said a well known physician, "that there are tens of thousands of people in America today who through carelessness and ignorance of the laws of nature have lost strength, energy and ambition and have worried along only 50 per cent efficient when they might easily have been just as vigorous, keen minded and prosperous as the successful people they envy."

People who lack strength, are nervous, rundown, depressed mentally and who have not sufficient ambition to do the work they ought to do, and who cannot think of the future without fear and dread are just the kind of

people who should get a 12-oz. bottle of Evans Triple Phosphate and quickly become happy, healthy and optimistic.

This is the prescription that contains just the right kind of strength giving iron that is easily assimilated and promptly gets into the blood along with other upbuilding agents. People who take it as directed will in just a few days feel so much stronger and better that they will be anxious and eager to do their daily work, and so ambitious that work that now seems tiresome and difficult will be easily mastered.

Get Evans Triple Phosphate into your blood as quickly as you can and you will find that your stomach, liver, nerves and bowels will act as nature intends they should act.

All good pharmacists dispense Evans Triple Phosphate in the original bottle. Sayre & Hemphill sells a great deal of it.

"HEATLESS" DAYS IN FORCE AGAIN IF NECESSARY

Washington, Dec. 2.—The peak in the coal situation was reached today, attorney general and officials of the attorney general and officials of the coal administration believe that after today the situation will be relieved by miners returning to work or that it will continue on the present basis of a fifty per cent production.

The order issued by Fuel Administrator Garfield declaring that coal shall be used only for essentials is expected to be but a forerunner of a series of drastic orders if the situation is not changed. It is believed that from now on there will be a gradual closing down of industries that are regarded as unessential and that even the "heatless" days may be put in force again if the situation becomes too serious.

President Wilson's cabinet is scheduled to meet today and it is understood that the entire coal situation will be dealt with. Some efforts will be made by some government officials to start new negotiations which might lead to peace.

There are other members of the cabinet, however, who believe that things must now take their own course. If new efforts are made, it is understood that they will take the form of a board of investigation and that the purpose would be to show the justice or the injustice of the wage increase put forward by Dr. Garfield and refused by the miners.

"The situation calls for the steadfast support by the public of the government's position as announced by Dr. Garfield," declared Attorney General Palmer. "The public should be deterred by threats of lack of fuel into concessions which will ensure unreasonably high prices in all commodities for at least three years to come." This expression from the attorney general is believed here to represent the sentiment of a majority of the cabinet and to be in opposition to any further efforts which might lead to wage increases above those declared just by Dr. Garfield.

One of the factors for decreased pro-

duction of coal is being removed today by the department of justice and that is the radical agitators. Agents of the department are making reports which indicate that those who have been urging the miners to stay away from their work are taking to cover and that the individual miners are now more free to follow their own will.

Reports reaching the department of justice show that few of the miners thus far have accepted the posted offer of a 14 per cent wage increase. Officials here believe, however, that the miners will gradually accept this offer as times goes on.

Great interest is being displayed here in the reported secret meeting of the mine union officials in Cleveland. The American Federation of Labor today is preparing to take over the benefit work of the United Mine workers and to establish commissaries for men on strike and to furnish the strike benefits, which the injunction proceedings forbid coming from the funds of the miners.

MAJOR J. C. GEORGE VISITS JAMESTOWN

Major J. C. George arrived at the home of his brother, R. G. George, Jamestown, on last Friday, having received his discharge from the army on Thanksgiving Day.

Dr. George saw twenty-six months service in the army, one year of which was in France, where he was in almost constant active service. Since returning to this country, he has been in charge of the army hospital at Fort Sheridan, Ill.

Dr. George has not made definite arrangements where he will locate, but will visit his brother and family for a few days, and will then take some Post Graduate work for a few weeks, before resuming his regular practice.

MEMORIAL HOSPITAL PROJECT WELL TOWARD SUCCESSFUL FINISH

The question of a bond issue of \$300,000 for the purpose of erecting a Greene County Memorial Hospital, has almost ceased to be a question.

In fact so seriously impressed are the people of Greene County in the necessity of such a hospital that it is thought that the issue will go across big when it comes to a special election on December 16.

County road bonds are approved without question, and it is believed that the Memorial hospital plan, serving a greater number of people and being infinitely more of a necessity, will go across just as readily.

It is pointed out also that thousands of dollars are paid annually by the county to outside hospitals to take care of the poor, that would not leave the county if there was a hospital here. Other thousands of dollars leave Greene County each year to help support hospitals, either in Dayton, Springfield or some other city.

As for the \$300,000 bond issue, compared with the real money that Greene county citizens dug down into their pockets and brought up patriotically for the different war issues, this amount is as naught.

It will represent in taxes about three and one half cents on a hundred dollars worth of taxes, which is about as small amount as one would hope to pay and still be able to say he had a share in the institution.

PAINTERSVILLE

Mrs. Mary L. DeVoe gave a delightful party honoring her sister, Sarah Miller. A large crowd of young people were present and enjoyed the evening. Refreshments were served.

Mr. Frank Pickering and daughter Hazel, of Dayton, spent Tuesday with Mr. and Mrs. Chas. Pickering and family. The people of Paintersville gathered at the church Thanksgiving eve, and had a short program, consisting of songs and readings. Alma Carr and Dorothy Wolary gave readings, and Lucile Bales and Harry Pickering sang a duet. John Prugh, I. T. Cummings, Creswell and Webb of Xenia gave very interesting talks. There were five silver loving cups to be presented to the boys of Casaravook Township who had returned from overseas. Owing to the bad evening the boys were not present.

Dr. and Mrs. R. L. Haines entertained to dinner Thanksgiving, Mr. and Mrs. Wm. Haines, Mr. and Mrs. Wolford, Mr. Fred Haines, Mr. and Mrs. Robert Wilson and daughter, Cleo, Mr. and Mrs. Wilbur Wilson and daughter, and Mr. and Mrs. Stephen Wilson. A delicious Turkey dinner was served.

The Ladies Aid Society will meet at the home of Mrs. Lydia Bales Thursday afternoon, December 4th.

Mr. and Mrs. Harold Fawcett and son, Lawrence Reemer, of Xenia, were guests of Mr. and Mrs. Jasper Thomas Wednesday and Thursday.

Miss Helen Fawcett, who has been working in Dayton, has returned home for a few days.

Mr. Elmer Fawcett of Dayton and Mr. and Mrs. Frank Fisher of Bowserville spent Thanksgiving with their mother, Mrs. Louise Fawcett.

A large crowd was present at the Victoria Council No. 91, D. of A. Thanksgiving evening. All enjoyed the evening.

Mr. and Mrs. Sherman Fawcett, daughter, Helen, and son, Paul and Harriet spent Thanksgiving with Mr. and Mrs. Albert Hagler.

Combs of Ancient Peoples.
The universal custom of curling for the hair is not one of recent years, for by digging down through the layers of silt and stone that cover the Swiss lake dwellings we find that the ladies of the Old Stone Age also had this habit. Their combs were not of the same material of which ours of today are, but the style in which they were fashioned was much the same. Those that have been found are of bone, porcupine from the giant mastodon or from the saber-toothed tiger, held together by a wooden clamp. Later bronze combs were used whereon were scratched figures of animals. The Egyptians and Assyrians used combs of ivory and ebony, as did the Etruscans and the Greeks. So long ago as the tenth and eleventh centuries the combs in use in England, France and Italy were elaborately carved; sometimes scenes from the Bible were depicted.

VESSEL HITS MINE.

London, Dec. 2.—Tugs are standing by the United States steamer Kerwood, which struck a mine off Terschelling, or the Dutch coast, on Monday, said a dispatch to Lloyds today. The Kerwood, a vessel of 2,321 tons sailed from New York for Hamburg on Nov. 13 within a big cargo.

Finds Something to Do the Business

"I tried everything that I heard of for the stomach and bowel trouble and bloating, but got no permanent relief until I struck May's Wonderful Remedy, and that did the business. My son in Canada has also taken it and writes it has done him a lot of good." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sayre & Hemphill, and druggists everywhere.

DRIVEN FROM A FLAT

Mr. W. M. Fellers, who lived in Lima, Ohio, was compelled to move out of a flat because of his wife's ill health. The neighbors complained that they were annoyed and distressed by Mrs. Fellers' continued coughing. They believing her to have tuberculosis, asked the owner of the flat to have her move because of the danger to the other occupants.

Mrs. Fellers had taken cold which hung on and developed into serious bronchial trouble; she doctored but found no relief until she used Glando Pine. She says: "The first dose seemed to relieve me. Two bottles removed the cough entirely. I have gained in flesh and am just fine. My friends now tell me they never expected to see me out again."

To prevent a cough from developing into pneumonia, bronchitis or consumption use Glando Pine the same cough medicine Mrs. Fellers used, 3 oz. (50 cents worth) of Glando Pine mixed with any good syrup or honey will make a fine pint or 128 teaspoonfuls of excellent cough medicine. Every family should keep this valuable cough medicine on hand to use at the first indication of a cough or cold. May be given to very young children. They love to take it.

LABOR FATIGUE HAS ITS MORAL DANGERS. SAYS MISS ADDAMS

Miss Jane Addams.

Miss Jane Addams recently startled an audience of physicians by announcing that despite the well-known sayings, "Satan finds work for idle hands to do" and "All work and no play makes Jack a dull boy," that work and hard labor are tending to make Jill a bad girl. Miss Addams explained that while labor and its consequent fatigue rids a person of the physical inclination toward lewd or immoral diversion, that psychologically, the reverse is often the case. The connection between fatigue and the lowering of moral resistance has not yet been fully worked out, but there is an appalling connection between them in the verdict of Miss Addams who is always a careful and dependable observer of industrial conditions.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on the dull, faded or streaked appearance this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking for any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

SOHN'S DRUG STORE SAYRE & HEMPHILL

He Quit Tobacco

This veteran, S. B. Lamphere, was addicted to the excessive use of tobacco for many years. He wanted to quit but needed something to help him.

He learned of a free book that tells about tobacco habit and how to conquer it quickly, easily and safely. In a letter he writes: "I have no desire for tobacco any more. I feel like a new man. Others report similarly. Wonderful for easily overcoming cigarette and pipe habit, and chewing."

Anyone desiring a copy of this book can get it free, postpaid, by writing to Edward J. Woods, T. A. C., Station P, New York City. You will be surprised and pleased. Look for quieter nerves, stronger heart, better digestion, improved eyesight, increased vigor, longer life and other advantages if you quit poisoning yourself with nicotine. In three days you can be rid of the addiction—then become robust, add solid flesh, become a man among men. This is genuine! show nervous, weakened, tobacco users this adv't.

**Mrs. Stafford Says that
Advice to Take Tru-
tona Restored Her
Health.**

Springfield, O., Dec. 1st---Nervous, weakened and run down men and women will find some thing of interest to them in the statement of Mrs. Ida Stafford, a well known Springfield woman who has found remarkable relief from Trutona, the Perfect Tonic.
"Yes, my system was generally run down," Mrs. Stafford said. "I was terribly nervous and often suffered from sick dizzy headaches. I usually became restless at night and often felt as if I had the night before. After meals gas would form in my stomach and I would belch and feel bloated. My bowels were irregular in action, too.
"My friends recommended Trutona to me. My nervousness is fast disappearing and I'm gaining in strength. I rest well at night and the sick, dizzy headaches I formerly experienced are things of the past. I'm never bothered with bad effects after eating anymore. I can gladly say that Trutona is a splendid medicine and I'm glad to tell others about it."
Trutona is now being introduced and explained in Xenia at Sayre & Hemphill's.

A Woman's Message to Women:

"When I received your generous trial treatment, I was made aware, almost at once, that I was no longer a sufferer from the same old ailment. I had little interest in life, was irritable and had no confidence in my future. I was in a terrible shape from not having proper care after confinement. I ordered six boxes of your treatment, and today I am a well woman, can do my work and enjoy myself. Words cannot express my gratitude. Use my letter wherever you wish, I am convinced there is nothing in the world like the Opaline Treatment."

AMERICAN LEGION OPENS ITS NATIONAL HEADQUARTERS IN INDIANAPOLIS BUILDING

Home of national headquarters in Indianapolis and Assistant Adjutant Charles F. Sheridan.

Officers of the American Legion are already at work in their new national headquarters in Indianapolis, where temporary offices, covering three floors of a downtown office building have been leased for a year by Lemuel L. Bolles of Seattle, national adjutant. Charles F. Sheridan, assistant adjutant, is superintending the opening of headquarters.

CENTRAL HIGH SOON TO START BASKET BALL; SKED IS NOT COMPLETE

Coach V. L. Faires is working hard on a schedule for his basketball warriors who will soon don the abbreviated trousers for this year's fling at the indoor game.

The biggest thing that the local mentor is promoting this year is an intercounty basketball tournament to be staged at the Rink in this city and to comprise a number of entrants from this section of the state. Invitations to representative teams to participate in this meet have been sent out and whether the plan goes through or not depends upon how the proposition is received by other schools.

At present it is impossible to get a line on the blue and white material for this year's quintet, but it is assured that there will be bunch of pill tossers on hand for the opening practice. The five will be practically a new one as every one of the five lads who represented the locals last year are now out of school.

Bales, who was a member of last year's outfit will be competing for a position at forward, along with "Bill" LeSourd, captain of the quintet, who will be out of the game at the start because of a broken collar bone received in football. Knee and Boxwell will be busy at the guards and at center, the greatest competition will be evidenced, Pillsbury, Willard Taylor and Holland being out for the jumping place. The schedule as partially arranged so far gives Xenia a crack at its old rival Lebanon in the opener. This will stand as the lid pryer unless another game is booked for December 12, which is hardly likely. The schedule, which includes a number of new teams, follows:

December 12—Open.
Dec. 19—Lebanon, at home.
Dec. 22—Miamisburg, away.
December 26—Urbana, at home.
January 2—Open.
Jan. 9—Springfield, away.
January 16—Urbana, away.
Jan. 22, 23 and 24—Tournament at home.
Jan. 30—Open.
Feb. 6—Miamisburg at home.
Feb. 13—Open.
Feb. 20—West Milton, at home.
Feb. 27—Norwood.
May 5 and 6—Delaware, tournament.

Home.

Home cannot be given us. We may be given a house, a place to eat and sleep. This is not a home. A home is a place of love and rest and peace. Love and rest and peace must be deserved, must be earned. Nobody can hand them to you as so many packages. They are matters of reciprocity. If you have none to give, there will be but little for you to receive.—Western Methodist.

MINISTER WANTS TO HELP

It is only natural that one who has been relieved from suffering should feel grateful and want to help others. Rev. W. F. M. Swindole, 818 Elm St., Macon, Ga. writes: "My kidneys gave me much trouble before I took Foley Kidney Pills. I am ready at any time to speak a word for Foley Kidney Pills."
